KOSHER CERTIFICATE TO AVOPRO (EPZ) LIMITED

This is to certify that I, Rabbi Yosef Zimmerman, have inspected the Avopro (EPZ) Limited of P.O Box, P.O. Box 8464-00610, Nairobi, Kenya on December 15th, 2025 and have found their product to be Kosher and Parve.

In my inspection of the Factory on their premises in Kirinyaga, I found that from the time of arrival of the avocado fruits at the plant, there are no non-Kosher ingredients used either during the extracting the oil, or in the washing and cleaning of the factory's equipment.

In the process the avocado fruits are mechanically washed, de-stoned and de-skinned and the flesh is pumped to the crusher where it is crushed to paste, resulting in Conventional and Organic Avocado Oil. Only water, nitrogen and kosher citric acid certified by the OU are added at various stages of the production and are drained out at the settling tanks. The Avocado oil is then packed into

- Metallic drums 180kgs
- Flexi tanks 23000 kgs

and sealed. No additives are introduced at any time during the process. The end product is 100% Avocado Oil as follows: Organic extra virgin avocado oil and conventional extra virgin Avocado oil- First Grade (EVAO OR and EVAO CV) and Second Grade organic and conventional avocado oil (AO OR and AO CV).

This Kosher Certificate is effective until **January 8th, 2027** and is to be renewed annually.

RABBI YOSEF ZIMMERMAN
